7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The college is located on national highway 130c which makes it convenient to reach for all the students residing in near by villages. As the main objective of college is " higher education for all" the college offers quality education with affordable fees. The college runs on no profit no loss basis and therefore exempted from paying income tax. All the income is utilized for the betterment of the college. Another objective of our society is to promote education in the underprivileged sections of students including scheduled tribes, scheduled castes, other backward communities and religious minorities with special focus to female. We can proudly state that in spite of three government colleges in the periphery of this area where the fee structure is nominal our college houses maximum number of students. The creditable point is that 60 are female students who can otherwise go to government colleges and have free education. In past five years no incidence of ragging, eve teasing, theft, and sexual harassment recorded. This makes our college a safe and magnificent place for higher education. All the member of the society are successful business man with higher social standing and with noble desire to serve the society the exponential growth of college is largely due to service oriented perspective of the management. An integral part of the college (NSS, NCC and Other club) also provide support to the local community when required such as to maintain law and order during Rajim Mela (Punni Mela), Swachchh Vidyaalay Abhiyaan, Blue bridged Campan and other social program
