

HANDS ON WORKSHOP

"4 DAYS WORKSHOP Discovery, Characterization and In-vitro studies of Potential Bioactive Compounds and Nanoparticles from Local Botanical Resources."

SESSIONS

- Introduction to plant secondary metabolite and Phytochemistry. •
 - Sampling and Extraction Procedures. •
 - Brief introduction to Nano-Biotechnology. •
 - Enzyme assay, purification techniques. •
 - Chromatography techniques (Focus on Column chromatography, Thin Layer chromatography, HPLC). •
 - Computer aided Drug Design. •
-

DATE

9th September 2019 to 12th September 2019

VENUE

Seth Phoolchand Agrawal Smriti College, Raipur

**In Collaboration with
nRon Bioventure , Hyderabad.**
